Year	2008

Strauss Office Building is a class A office located in the Northern part of Bucharest with two entrances from parallel streets.

The building has a concrete structure and its façade is curtain-wall type with semitransparent grey-green glass and gray-petrol granite.

The offices are open-space type, making the employees feel like important parts of the overall operation of the company.

At the last floor there are successive covered terraces where relaxing moments can be shared.
